The single most important aspect of a child’s education is having a good teacher. And teachers overwhelmingly cite student success as their principal motivator. To be maximally effective, teachers need to feel sure that their professional judgment is always vital to school improvement, to school-wide decision-making, and to anything that affects the welfare of their students.

### SALT Survey findings and barriers to reform

- **Teacher Participation Rates**
  - % of teachers who responded to the SALT Survey
  - **This school**
  - **The state**
  - **NA: Too few responses to report**

- **What Teachers Say**
  - % of teachers who report that the following are a moderate to major problem:
  - Lack of time necessary for adequate planning and/or implementation
  - Lack of support from teachers and/or other staff
  - Lack of training for teachers
  - Lack of developed curriculum
  - Lack of information for teachers about the reforms and/or what is expected for school improvement

### Teacher efficacy

- **This school**
- **The state**
- **NA: Too few responses to report**

- **What Teachers Say**
  - % of teachers who say they agree or strongly agree that:
  - I am encouraged to make my own decisions.
  - My team or grade level shares professional material and information with each other.
  - Student discipline/behavioral management
  - School-wide goals
