Learning and Achievement

Each of our schools is expected to meet annual targets in mathematics, reading, and writing - both for the school as a whole and for various groups of students within the school. We measure school performance through annual state assessments.

2004 Assessment Results

Percentage of students at each performance level

Total percent proficient in each subtest

Index Scores

Index scores range from 0 to 100. They are based on the performance levels of all students in both English language arts and mathematics, for all subtests, over three years. For further detail, see the 2004 School Report Cards at www.ride.gov.

School Classification Indicators

(21 Targets)

Mathematics

- This school’s index score
- 2004 state target

English Language Arts

- This school’s index score
- 2004 state target

Missing data indicates fewer than 45 students in that group over three years.

Participation Rates

- 2004 state target

Attendance Rate

- 2004 state attendance target

Performance Progress

Student achievement over the past four years

- This school
- The state

Base:
- School years 2001-2003

Current:
- School years 2002-2004

This school is making insufficient progress and is in need of improvement.

This school has been identified for improvement for the first year.

Schools that miss targets are classified as in need of improvement, as required by federal law.
