Assessment and Accountability

Each of our schools is expected to meet annual targets in mathematics, reading, and writing - both for the school as a whole and for various groups of students within the school. We measure school performance through annual state assessments.

2004 Assessment Results

Percentage of students at each performance level

Index Scores

The index scores range from 0 to 100. They are based on the performance levels of all students in both English language arts and mathematics, for all subtests, over three years. For further detail, see the 2004 School Report Cards at www.ri doe.net.

School Classification Indicators

School years 2001-2003

School years 2002-2004

Performance Progress

Student achievement over the past four years

Classification

This school is making insufficient progress and is in need of improvement.

Schools that miss targets are classified as in need of improvement, as required by federal law.
