Engaging Families and Community

Parents and guardians are any school’s strongest allies for helping students achieve and thrive to their fullest potential. Robust two-way communication with students’ families cultivates a relationship between the home and the school that puts the families squarely on the school’s team when working with students. (Only students in 4th grade and above take the SALT survey.)

Parent Participation Rates

The percentage of students in the school whose parents responded to the SALT Survey

What Teachers Say

Percent of teachers who agree or strongly agree:

- Parental involvement in school governance is essential to effective education.
- They use parents as school resources or volunteers.

What Parents Say

Percent of parents who report that the school does well:

- That the community supports this school.
- The extent to which parents and the community are supportive of the school and its program.

What Teachers Say

Percent who report that at least weekly:

- They meet with individual parents to solve problems and provide assistance.
- Teachers on their team or grade level maintain positive relationships with students’ parents.

Percent who report they agree or strongly agree that:

- Two-way communication between home and school is essential to effective education.
- They use parents as school resources or volunteers.
