The indicators below, drawn from the SALT Survey, provide a sense of the extent to which students in this school have begun to experiment with behavior that risks or compromises their physical or mental health. If persistent or habitual, such behaviors can interfere with or even damage a student's education, health, or both. (Only students in 4th grade and above take the SALT survey.)

### Student risk behaviors and attitudes

#### This school
- **They smoked at least one day.**
- **They used chewing tobacco or snuff.**
- **They used illegal drugs (such as marijuana, uppers, downers, inhalants).**
- **They drank alcohol at least once.**

#### R.I.
- **Questions not asked at this grade level.**

#### 4th and 5th graders
- **They smoked at least one day.**
- **They used illegal drugs (such as marijuana, uppers, downers, inhalants).**

### Percent of students who say that within the last 30 days:

#### This school
- **0%**
- **20%**
- **40%**
- **60%**
- **80%**
- **100%**

#### R.I.
- **Questions not asked at this grade level.**

#### 4th and 5th graders
- **Questions not asked at this grade level.**

### Percent who say their close friends would approve or not care if:

#### This school
- **They smoked marijuana regularly.**
- **They had 5 or more alcoholic drinks once or twice each weekend.**

#### R.I.
- **Questions not asked at this grade level.**

#### 4th and 5th graders
- **Questions not asked at this grade level.**

### Student health practices

#### This school
- **They felt they had problems with one of the following:**
  - acne
  - overweight
  - underweight
  - too tall
  - too short
- **They did not eat any vegetables or fruits in the past day.**
- **On a typical night they get 7 hours of sleep or less.**
- **During the past week they ate breakfast 2 days or fewer.**
- **On an average school day, they watch TV at least 2 hours or more.**

#### R.I.
- **Questions not asked at this grade level.**

#### 4th and 5th graders
- **Questions not asked at this grade level.**

### Percent of students who say that:

#### This school
- **0%**
- **20%**
- **40%**
- **60%**
- **80%**
- **100%**

#### R.I.
- **Questions not asked at this grade level.**

#### 4th and 5th graders
- **Questions not asked at this grade level.**

### Teachers and principal attitudes

Percent who agree or strongly agree that the following practices are essential to effective education:

#### Teachers at this school
- **Providing access/linkages for students and parents to health and social services or counseling**
- **Providing health-promoting environment and wellness programs for students (e.g., fitness days, health messages)**
- **Policies that support positive health practices and wellness for teachers and students (e.g., smoke-free environment, eliminate vending machines with junk food, reduce fat in lunch-room meals)**

#### Elementary-school teachers statewide
- **Providing on-site health or social services**

#### Elementary-school principals statewide
- **Questions not asked at this grade level.**

### Students' primary care

Where students say they usually see their regular doctor or nurse when they are sick:

- **I have no regular doctor or nurse.**
- **Emergency room/Hospital**
- **Community health clinic**
- **Doctor's office**
- **Other health-care facility**

* Too few responses to report
? Inadequate data submitted
