Safe and Supportive Schools: Health Risks

The indicators below, drawn from the SALT Survey, provide a sense of the extent to which students in this school have begun to experiment with behavior that risks or compromises their physical or mental health. If persistent or habitual, such behaviors can interfere with or even damage a student’s education, health, or both. (Only students in 4th grade and above take the SALT survey.)

### Student risk behaviors and attitudes

- **Percent of students who said they did not eat any vegetables or fruits in the past day:**
  - This school: 0%
  - R.I. 4th and 5th graders: 0%
  - Too few responses to report?

- **Percent of students who said they watched TV at least 2 hours or more on an average school day:**
  - This school: 20%
  - R.I. 4th and 5th graders: 20%
  - Too few responses to report?

- **Percent of students who said they Instant Message (IM), check their e-mail, or visit chat rooms at least 2 hours or more on an average school day:**
  - This school: 40%
  - R.I. 4th and 5th graders: 40%
  - Too few responses to report?

- **Percent of students who said they got 7 hours of sleep or less on a typical night:**
  - This school: 60%
  - R.I. 4th and 5th graders: 60%
  - Too few responses to report?

- **Percent of students who said they smoked at least one day:**
  - This school: 80%
  - R.I. 4th and 5th graders: 80%
  - Too few responses to report?

- **Percent of students who said they used chewing tobacco or snuff:**
  - This school: 20%
  - R.I. 4th and 5th graders: 20%
  - Too few responses to report?

- **Percent of students who said they used illegal drugs (such as marijuana, uppers, downers, inhalants):**
  - This school: 60%
  - R.I. 4th and 5th graders: 60%
  - Too few responses to report?

- **Percent of students who said they drank alcohol at least once:**
  - This school: 80%
  - R.I. 4th and 5th graders: 80%
  - Too few responses to report?

- **Percent of students who said they smoked marijuana regularly:**
  - This school: 40%
  - R.I. 4th and 5th graders: 40%
  - Too few responses to report?

- **Percent of students who said they had 5 or more alcoholic drinks once or twice each weekend:**
  - This school: 60%
  - R.I. 4th and 5th graders: 60%
  - Too few responses to report?

- **Percent of students who said they felt they had problems with one of the following: acne, overweight, underweight, too tall, too short:**
  - This school: 0%
  - R.I. 4th and 5th graders: 0%
  - Too few responses to report?

### Student health practices

- **Percent of students who said they ate breakfast 2 days or fewer during the past week:**
  - This school: 20%
  - R.I. 4th and 5th graders: 20%
  - Too few responses to report?

- **Percent of students who said they got 7 hours of sleep or less on a typical night:**
  - This school: 40%
  - R.I. 4th and 5th graders: 40%
  - Too few responses to report?

- **Percent of students who said they watched TV at least 2 hours or more on an average school day:**
  - This school: 60%
  - R.I. 4th and 5th graders: 60%
  - Too few responses to report?

- **Percent of students who said they had 5 or more alcoholic drinks once or twice each weekend:**
  - This school: 80%
  - R.I. 4th and 5th graders: 80%
  - Too few responses to report?

- **Percent of students who said they smoked at least one day:**
  - This school: 100%
  - R.I. 4th and 5th graders: 100%
  - Too few responses to report?

### Teachers and principal attitudes

Percent who agree or strongly agree that the following practices are essential to effective education:

- **Providing access/linkages for students and parents to health and social services or counseling:**
  - Teachers at this school: 100%
  - Elementary-school teachers statewide: 100%
  - Elementary-school principals statewide: 100%

- **Providing health-promoting environment and wellness programs for students (e.g., fitness days, health messages):**
  - Teachers at this school: 80%
  - Elementary-school teachers statewide: 80%
  - Elementary-school principals statewide: 80%

- **Policies that support positive health practices and wellness for teachers and students (e.g., smoke-free environment, eliminate vending machines with junk food, reduce fat in lunch-room meals):**
  - Teachers at this school: 100%
  - Elementary-school teachers statewide: 100%
  - Elementary-school principals statewide: 100%

- **Providing on-site health or social services:**
  - Teachers at this school: 100%
  - Elementary-school teachers statewide: 100%
  - Elementary-school principals statewide: 100%
