The single most important aspect of a child's education is having a good teacher. And teachers overwhelmingly cite student success as their principal motivator. To be maximally effective, teachers need to feel sure that their professional judgment is always vital to school improvement, to school-wide decision-making, and to anything that affects the welfare of their students.

Teacher Participation Rates

What Teachers Say

Percent of teachers who report that the following are a moderate to major problem:

Teacher efficacy

What Teachers Say

Percent of teachers who say they agree or strongly agree that:

Percent of teachers who say that their team or grade level has much or very much decision-making authority regarding:

Percent of teachers who say they are satisfied or very satisfied with:

Student discipline/behavioral management

School-wide goals

The opportunities they have to take part in decisions

The extent to which teachers and staff support school improvement
