The single most important aspect of a child’s education is having a good teacher. And teachers overwhelmingly cite student success as their principal motivator. To be maximally effective, teachers need to feel sure that their professional judgment is always vital to school improvement, to school-wide decision-making, and to anything that affects the welfare of their students.

### Percent of teachers who say they agree or strongly agree that:

- The most important aspect of a child’s education is having a good teacher.
- Student success is their principal motivator.
- Their professional judgment is always vital to school improvement.
- They feel supported in their decisions.
- Their team or grade level shares professional material and information.

### What Teachers Say
