The R.I. Department of Elementary and Secondary Education (RIDE) determines school-performance classifications based on test scores, participation rates on tests, and attendance rates. To do so, RIDE uses an index score that combines the results of several tests. For a detailed explanation, see the Accountability Brochure.

### School Classification

#### Indicators and Targets

**Mathematics**
- 2006 state target
- This school's index score

**English Language Arts**
- 2006 state target
- This school's index score

Missing data indicates fewer than 45 students in that group.

#### Participation Rates and Targets

- 2006 state Mathematics target
- 2006 state ELA target

#### Attendance Rate and Target

- 2006 state attendance target

The federal No Child Left Behind Act mandates that schools meet targets for the school as a whole and for eight groups of students within the school. Schools that miss targets have not made "Adequate Yearly Progress."

Schools get credit for meeting a target if they made significant progress toward that target.

### School Performance

**Classification**

This school is moderately performing with caution.
