The New England Common Assessment Program (NECAP) tests are administered annually in October to students in grades 3 through 8. RIDE uses the results of these tests to determine school-performance classifications and to measure school and district progress. Please note that this is the only report in Information Works! 2007 that uses data from the 2006-07 school year.

**Assessment Results**
2005-06 & 2006-07

**Performance Progress**
All tested grades

- This school
- R.I. elementary schools

**Proficiency by Student Characteristics**
2006-07: Grade 5

- Math
- Reading

**Characteristics of Students**

- Poverty
- Nonpoverty
- African-American
- Asian
- Hispanic
- Native American
- White
- Male
- Female
- Students with disabilities
- Students without disabilities
- English-language learners
- Non-English-language learners

Missing data indicates fewer than 10 students tested. Bar graphs may not sum to 100% due to rounding.
