Learning and Achievement: Assessments

The New England Common Assessment Program (NECAP) tests are administered annually in October to students in grades 3 through 8. RIDE uses the results of these tests to determine school-performance classifications and to measure school and district progress. Please note that this is the only report in Information Works! 2007 that uses data from the 2006-07 school year.

Assessment Results 2005-06 & 2006-07

![Bar graphs showing percent proficient for Grades 3, 4, and 5 for Math and Reading.]

Performance Progress

All tested grades

- This school
- R.I. elementary schools

Proficiency by Student Characteristics 2006-07: Grade 5

![Bar graphs showing percent proficient for Math and Reading by poverty status, race, and gender.]

Characteristics of Students

![Bar graphs showing distribution of students by poverty status, race, and gender.]

Missing data indicates fewer than 10 students tested. Bar graphs may not sum to 100% due to rounding.
