The New Standards Reference Exams are administered annually in March to students in grade 11. RIDE uses the results of these tests to determine school-performance classifications for high schools and to measure school and district progress. The assessment results on this report include results of the Alternate Assessment, which is administered to students with severe disabilities (about 1 percent of all students).

Assessment Results
2005-06: Grade 11

Percentage of students at each performance level

Total percent proficient in each subtest

Mathematics: Percent Proficient

English Language Arts: Percent Proficient
