The New England Common Assessment Program (NECAP) tests are administered annually in October to students in grades 3 through 8. RIDE uses the results of these tests to determine school-performance classifications and to measure school and district progress. Please note that this is the only report in Information Works! 2007 that uses data from the 2006-07 school year.

### Learning and Achievement: Assessments

#### Assessment Results

2005-06 & 2006-07
