Career-preparation programs, courses, and activities are designed to ensure that all students are considering their own futures, are exposed to career and work options, and have the academic, technical, and employability skills to be successful in higher education and the workplace.

Program Types

Program Participants

SALT Survey Findings: Student Responses

SALT Survey Findings: Teacher Responses

Percent of teachers who report that at least monthly, in their classes:

At least weekly:

Projects are designed to help students learn about issues in the community.

People from the community are brought in to speak to the class on different topics.

Practical 'real world' applications of course material are discussed and emphasized.
