The R.I. Department of Elementary and Secondary Education (RIDE) determines school-performance classifications based on test scores, participation rates on tests, and attendance rates. To do so, RIDE uses an index score that combines the results of several tests. For a detailed explanation, see the Accountability Brochure.

School Classification

**Indicators and Targets**

Shaded bars indicate that this school has missed the target.

Missing data indicates fewer than 45 students in that group.

**School Performance**

This school is making insufficient progress.

Schools get credit for meeting a target if they made significant progress toward that target.

Tests were not administered at these grade levels during 2004-05; new tests were introduced in 2005-06.
