To do so, RIDE uses an index score that combines the results of several tests. For a detailed explanation, see the Accountability Brochure.

Tests were not administered at these grade levels during 2004-05; new tests were introduced in 2005-06.

Shaded bars indicate that this school has missed the target.

Missing data indicates fewer than 45 students in that group.

The federal No Child Left Behind Act mandates that schools meet targets for the school as a whole and for eight groups of students within the school. Schools that miss targets have not made "Adequate Yearly Progress."

Schools get credit for meeting a target if they made significant progress toward that target.
