The New England Common Assessment Program (NECAP) tests are administered annually in October to students in grades 3 through 8 and grade 11. RIDE uses the results of these tests to determine school-performance classifications and to measure school and district progress. Please note that this is the only report in Information Works! 2008 that includes data from the 2007-08 school year.

### Assessment Results

**Percent of students reaching proficiency**
- Proficient with Distinction
- Proficient

**Percent of students not reaching proficiency**
- Partially Proficient
- Substantially Below Proficient

### Performance Progress

Performance Progress displays data for Mathematics, Reading, and Writing for grades 7 and 8. The graphs show the percentage of proficient students over the years 2005-06, 2006-07, and 2007-08.

### Proficiency by Student Characteristics

**2007-08: Grade 8**

The graphs depict the proficiency rates for students based on poverty status, race/ethnicity, student language, and disability status.
