Curriculum and Instruction: Career Preparation

Programs and Participants

Career-preparation programs, courses, and activities are designed to ensure that all students are considering their own futures, are exposed to career and work options, and have the academic, technical, and employability skills to be successful in higher education and the workplace.

At least weekly:

Assignments are designed to help students learn about resources in the community.

Projects are designed to help students learn about issues in the community.

People from the community are brought in to speak to the class on different topics.

Practical 'real world' applications of course material are discussed and emphasized.
