Curriculum and Instruction: Career Preparation

- SALT Survey Findings: Student Responses
  - They belonged to and regularly participated in career exploration experiences
  - Classroom activities are connected to the world outside the classroom.
  - In classes, we are given assignments that help us find out about things outside of school.
  - Teachers tell students how the work we do is related to our lives outside of school.

- SALT Survey Findings: Teacher Responses
  - They do things in the community as part of assignments
  - They study or have field trips to learn about different careers
  - They can talk to a teacher or other staff member about career opportunities
  - They can talk to a teacher or other staff member about college information

- Percent of teachers who report that at least monthly, in their classes:
  - Assignments are designed to help students learn about resources in the community.
  - Projects are designed to help students learn about issues in the community.
  - People from the community are brought in to speak to the class on different topics.

- At least weekly:
  - Practical ‘real world’ applications of course material are discussed and emphasized.
