Engaging Families and Community

Parents and guardians are any school’s strongest allies for helping students achieve and thrive to their fullest potential. Robust two-way communication with students’ families cultivates a relationship between the home and the school that puts the families squarely on the school’s team when working with students.

Parent Participation Rates

The percentage of students in the school whose parents responded to the SALT Survey

What Teachers Say

Percent of teachers who agree or strongly agree:
- Parental involvement in school governance is essential to effective education.
- They meet with individual parents to solve problems and provide assistance.
