

Data to Drive Decisions

Rhode Island gathers a variety of data to help schools with planning and accountability. The value-added calculations and the learning-support indicators combine different sources of data to help schools plan instruction, allocate resources, and focus on student performance.

Characteristics of students attending this school

Value-Added Indicators

2006-07: Grade 5

Percentage of students who reached proficiency compared with the percentage of similar students statewide

The tests used to calculate the value-added indicators are not administered at this school's grade levels.
