**Health Risks, Behavior, and Practices**

The indicators below, drawn from the annual SALT Survey, provide a sense of the extent to which students in this school have begun to experiment with behavior that risks or compromises their physical or mental health. If persistent or habitual, such behaviors can interfere with or even damage a student's education, health, or both. (Only students in 4th grade and above take the SALT Survey.)

### Student risk behaviors and attitudes

#### This school
- They smoked on at least one day: 0%
- They used chewing tobacco or snuff: 0%
- They used illegal drugs (such as marijuana, uppers, downers, inhalants): 0%
- They drank alcohol at least once: 0%

#### R.I.
- They did not eat any vegetables or fruits in the past day: 40%
- On an average school day, they watch TV at least 2 hours or more: 60%
- On an average school day, they Instant Message (IM), check their e-mail, or visit chat rooms at least 2 hours or more: 60%
- On a typical night they get 7 hours of sleep or less: 40%
- They smoked on at least one day: 0%
- They used chewing tobacco or snuff: 0%
- They used illegal drugs (such as marijuana, uppers, downers, inhalants): 0%
- They drank alcohol at least once: 0%

#### 4th and 5th graders
- They had 5 or more alcoholic drinks once or twice each weekend: 0%

### Percent of students who say that within the last 30 days:

- They smoked on at least one day: 0%
- They used chewing tobacco or snuff: 0%
- They used illegal drugs (such as marijuana, uppers, downers, inhalants): 0%
- They drank alcohol at least once: 0%

### Percent who say their close friends would approve or not care if:

- They smoked marijuana regularly: 0%
- They had 5 or more alcoholic drinks once or twice each weekend: 0%

### Student health practices

#### This school
- They felt they had problems with one of the following: acne, overweight, underweight, too tall, too short: 0%
- They did not eat any vegetables or fruits in the past day: 40%
- On a typical night they get 7 hours of sleep or less: 40%
- During the past week they ate breakfast 2 days or fewer: 0%
- On an average school day, they watch TV at least 2 hours or more: 60%
- On an average school day, they Instant Message (IM), check their e-mail, or visit chat rooms at least 2 hours or more: 60%

#### R.I.
- They did not eat any vegetables or fruits in the past day: 40%
- On an average school day, they watch TV at least 2 hours or more: 60%
- On an average school day, they Instant Message (IM), check their e-mail, or visit chat rooms at least 2 hours or more: 60%

#### 4th and 5th graders
- They had 5 or more alcoholic drinks once or twice each weekend: 0%
