The New England Common Assessment Program (NECAP) mathematics and reading tests are administered annually in October to students in grades 3 - 8 and grade 11; writing is administered in grades 5, 8, and 11. RIDE uses the results of these tests to determine school-performance classifications and to measure school and district progress. In Information Works! 2009, only assessment reports include data from the 2008-09 school year.
