Learning and Achievement: Assessments
Mathematics, Reading, and Writing

The New England Common Assessment Program (NECAP) mathematics and reading tests are administered annually in October to students in grades 3 - 8 and grade 11; writing is administered in grades 5, 8, and 11. RIDEdoes use the results of these tests to determine school-performance classifications and to measure school and district progress. In Information Works! 2009, only assessment reports include data from the 2008-09 school year.

Assessment Results

Percent of students reaching proficiency

- Proficient with Distinction
- Proficient

Percent of students not reaching proficiency

- Partially Proficient
- Substantially Below Proficient

Numbers above the bars represent total proficiency.

Performance Progress

All tested grades

- This school
- R.I. elementary schools

Proficiency by Student Characteristics

2008-09: Grade 5

Percent of students reaching proficiency

- Math
- Reading

Percent of students not reaching proficiency

- Math
- Reading

Missing data indicates fewer than 10 students tested.
