Regional Alliance Project-In our second year as a Regional Alliance School, our faculty received additional training in both Mathematics and Technology and began to implement our new K-5 Math Curriculum.

Community Service Learning-Virtually every member of the Callahan community participated in some form of service learning this year. Sixth year as a recipient of a RI Learn and Serve grant, we have a teacher training partnership with Providence College.

Building a new Callahan Community-In our very first year as a grade 2-5 school, we have been busy building new relationships amongst faculty, students, and families. It has been a year of growth and many successes- a solid and happy beginning!
