"In their own words"
Highlights from the school
*See Web for school goals

Parent Involvement - Parents were included as active partners in decision making on school processes and activities.

Interdisciplinary Instruction - There was an increase across all Teams in interdisciplinary instruction. Given the severe limitations of the current schedule, this is quite an accomplishment.

Professional Development - Staff development opportunities in math and English, integrative curriculum, technology, multiple intelligences, and teaming were provided.

Financial information will appear at the individual school level in next year’s INFORMATION WORKS! This year, data collected from a sample of Rhode Island districts and schools will be available under separate cover.
