FAMILY MATH AND SCIENCE NIGHTS: Each grade held a Family Math & Science Night during which parents and children were involved in hands-on math & science activities.

MAGIC GARDEN: Students were involved in the planting of a school garden. Decorating our garden are dragons which were carved by a local artist.

PERFORMANCE BASED ASSESSMENT: Each grade committed to administer four performance-based assessments in math during the school year to increase teacher and student familiarity with them and their scoring.

Financial information

Financial information will appear at the individual school level in next year’s INFORMATION WORKS! This year, data collected from a sample of Rhode Island districts and schools will be available under separate cover.
