SITE-BASED MANAGEMENT: Block Island School began the 98-99 school year with a site-based management administrative system. The entire staff has input into the daily operation of the school, long-range planning of curriculum, scheduling and policy.

ISLANDS YOUTH PROGRAM: 7th graders participated in an Island Youth program aboard the Schooner Harvey Gamage with other 7th graders from Shelter and Fishers Islands. Students visited other islands and share life experiences.

EXPERIENCING JAPANESE CULTURE: Japanese culture featured prominently at the Block Island School this year. John Warfel, Technology Education teacher, visited Japan to observe their education program.
