SALT REPORT: Hoxsie School received an excellent report from the SALT Visiting Team. In their report they stated that "Hoxsie is setting a standard for school reform, not only within your district but also within the state".

STUDENT ACHIEVEMENT: Hoxsie students demonstrated a significant increase on the statewide testing in the areas of Math, English Language Arts, Writing, and Health.

BEFORE & AFTER SCHOOL ACTIVITIES: We increased our before and after school activities to include a Hoxsie Writers’ Round Table and ongoing Leader Corps training. These two activities joined already existing clubs and a Mentor Tutoring Program.
